

### **Sawdust wood pallet**

Scenix pallet supplies high quality sawdust wood pallet. We are professional manufacturer for innovative presswood pallets and compressed wood pallet machines in Qingdao, China. Customer satisfaction is our biggest goal.

### **Product Introduction**

Using a full scientific good quality administration system, very good quality and superior faith, we win good standing and occupied this discipline for Online Exporter China Industrial Wood Sawdust Shredder Hammer Mill, Presently, we are searching ahead to even greater cooperation with abroad prospects determined by mutual benefits. Please experience free to make contact with us for more facts. Online Exporter China Wood Sawdust Shredder, Wood Sawdust Hammer Mill, Welcome to visit our company and factory, there are various products displayed in our showroom that will meet your expectation, meanwhile, if you are convenient to visit our website, our sales staff will try their efforts to provide you the best service.

### **Sawdust wood pallet**

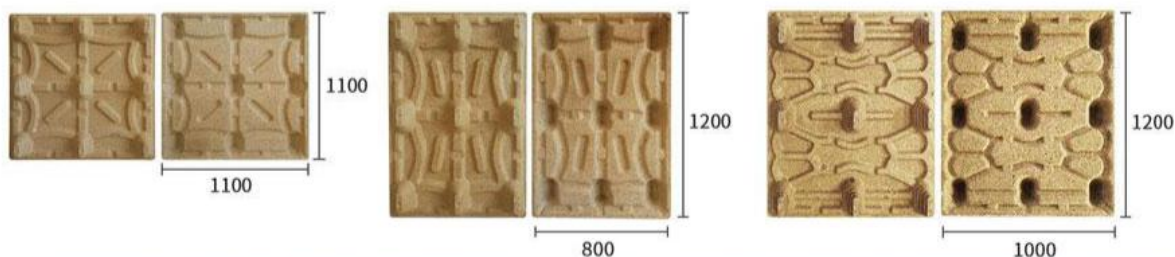

#### **Introduction of Sawdust wood pallet**

Sawdust wood pallets are plant fiber molded flat industrial pallet, as the full name. Molded wood pallet is made of raw materials such as wood shavings, plant straws, and so on. Molded wood pallet is one-time press molding with the overall structure of the board and 9 support feet. The upper surface of presswood pallet plate is flat and smooth, to meet the transport of various goods, the lower surface with the stiffener. It is that the longitudinal and horizontal balance of the board, nine feet can meet the four-way distribution by the fork, and Sawdust wood pallet is ideal for logistics transport.

### Specification of Sawdust wood pallet

PRODUCT PARAMETERS	
Material:	high quality wood fiber
Synthetic resin:	high strength environmentally adhesive
Load:	dynamic load 2000kg / static load 5000kg
Fork hole height:	90mm
Manufacturing:	molded in one solid piece from dried wood fibers
Into the fork:	4 way entry
Specifications:	1100x1100mm / 1200x800mm / 1200x1000mm/1050x1050mm(4 way)
	1140x980mm / 1300x1000mm(2 way)
Fumigation certificate:	no fumigation, can be exported directly

**Presswood pallet**

Presswood pallet is the full name of plant fiber molded flat industrial pallet, with the overall structure. And the surface of pallet is smooth and flat, to meet the transport of various goods.

**Wooden pallet**

Wooden pallets use logs as the material, through the drying and modeling, to eliminate the internal stress, and then cutting, planing, sanding and other finishing processing, using nails to connect the wood plate, and the last is the wax sealing process.

**Product Application**

Dynamic load capacity: over 2 Tons

Static load capacity: over 5 Tons

Moisture content: ≤8%

Used for the storage, packing and transportation of goods in many industries, such as paper making, building material, chemical industry, electronics industry, hardware, food, pharmaceutical industry. Lower price and weight than traditional wood wooden pallet

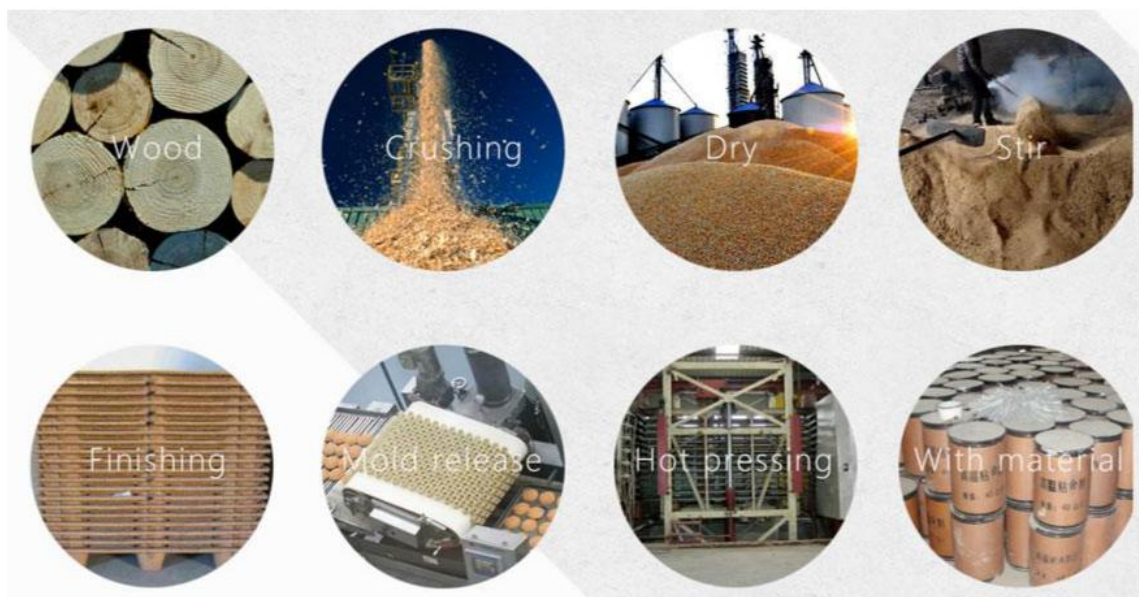

### **Details Of Sawdust wood pallet**

Raw materials for Sawdust wood pallet are anything contains wooden fiber, and are very easy to obtain. Besides, the raw materials contenting rich fiber also can be used to produce Sawdust wood pallet.

1. Waste wood, scraps of the wood, sawdust wood chips, wood shaving, wood chips, big chips, raw wood, burned forest, logs, wood board, branches, timber, wood flakes, and waste pallets, and so on.
2. Anything contenting rich fiber also can be used to produce the pallets, such as straw, waste kraft paper, bamboo, palm trees, coconut husk, softwood, wheat straw, bagasse, and miscanthus, and so on.

### Delivery and Shipping Service of Sawdust wood pallet

Shipping methods:

By Sea: From Qingdao seaport

By Air

By Train or by Land

T/T, Paypal, Western union, Moneygram, Cash

## Faq

### 1. Space-saving.

The same size of Sawdust wood pallet is nestable. And, they can be easily separated from a stack with a fork lift truck. Nesting pallets reduces storage space by up to 66% than conventional wooden pallets.

### 2. Lighter weight.

Sawdust wood pallet is 60% lighter than a conventional wooden pallet.

### 3. Excellent design.

Round edges design of Sawdust wood pallet is suitable for cargo safety, and perfect reinforcing rib to enhance loading ability. Accurate size with one-time pressed, no bending.

### 4. Safe.

Presswood pallet is a one-piece design. There are no nails or staples to reduce product and package damage. And eliminating burrs help reduce employee and customer injuries.

### 5. Environmentally friendly.

Presswood pallets are a resource-friendly, wood-based recycling product, made from recycled waste wood from saw-mills and industry.

### 6. Ready for export.

Sawdust wood pallet are acceptable for export all over the world. The high temperature and pressure manufacturing process makes the pallets free fumigation and burns out all insect and larval infestations.

### 7. Quality assurance.

Low 6-8% moisture content of Sawdust wood pallet reduces the risk of product damage. And resin bonded construction provides high water resistance.

### 8. Recyclable and renewable.

Waste pallets which are no longer usable can be shredded and re-glued to make new Sawdust wood pallet.

## Company

Qingdao Senyu Environmental Protection Technology Co., Ltd. is situated in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of compressed wood pallet, Sawdust wood pallet and presswood pallet machine. Through years of strenuous efforts, Scenix has started to play an important role in this market with an annual output of 5800,000pcs. Since its very beginning, the company has been committing itself to the belief "focus on reducing costs, creating value for customers".

Thanks to its competitive prices, quality products and post sale services, the company wins a lion's share of the industrial market with its reach into many fields of chemical, auto-parts, printing, food and the like. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe, United States and other foreign countries.

Now we have 3 branch companies, from the collection of raw materials to the manufacturing of the customized mold, from R&D team to marketing & trading team (Qingdao Yuking New materials). Scenix has the ability to control all the production process of the industry chain. Qingdao Scenix is stepping up its effort to build up itself into an international brand.
